Based in Sweden, working remotely with clients internationally

PROFILE

Designer and front-end developer who combines branding, visual design, web design and development. I enjoy taking ideas from the first creative direction to a finished visual identity, website or digital experience. I draw and paint, so a logo can start as a pencil sketch and become a clean vector in Illustrator. I pay close attention to spacing, typography, color and composition, and to the small details that decide how a design feels. Since 2022 I run my own creative studio, Kjellemo Development, where I design, build and deliver for external clients. Self-driven, comfortable working remotely and quick to learn new tools and workflows.

CORE SKILLS

Branding & Visual Identity: Logo design from hand-drawn sketch to vector, typography, color, imagery, visual direction, carrying an identity through websites and marketing materials

Visual Design & Imagery: Marketing visuals, digital layouts, translating abstract concepts into visual concepts, realistic AI-assisted imagery refined in Photoshop (composition, lighting, detail, consistency)

Design & Development: HTML, CSS, JavaScript, TypeScript, React, Next.js, Node.js, responsive design, Git/GitHub, WordPress, Shopify, Wix, landing pages

Design Tools: Figma, Adobe XD, Adobe Photoshop, Illustrator, InDesign, Lightroom, Canva, CapCut

AI: Claude Code, Claude, ChatGPT, Lovable, Adobe Firefly. AI is a tool, not the driver: the creative direction and the final judgment are mine

Working Style: Independent, fast learner, detail-oriented, comfortable with remote and startup environments

WORK EXPERIENCE

Designer & Front-End Developer *2022 – present*
Kjellemo Development (own company)

- Run my own studio combining branding, visual design, web design and front-end development for external clients.
- Take projects from first creative direction to finished result: concept, visual design, build and delivery.
- Design and build websites and landing pages, and produce imagery and marketing materials that stay consistent across channels.
- Designed, branded and built my own studio site, studiokjellemo.com (logo, visual direction, imagery and projects), using React and TypeScript with Claude Code.
- Create realistic AI-assisted imagery for products and services, refined by hand in Photoshop so it reads as believable.

Assignment: Genomain *2024 – 2025*

- Designed and developed the company website.
- Produced presentation and marketing material aimed at B2B customers, including advertising films from copy to AI voice and editing.
- Tested AI systems and built internal workflows and documentation around AI tools in production.

Assignment: GC-Solutions *01/2022 – 11/2023*

- Developed and maintained front-end applications (HTML, CSS, JavaScript) that visualize business data for B2B clients and their end clients.
- Learned through close client contact how to turn technical, business-critical information into clear interfaces.
- Worked independently and solved technical problems on my own across all assignments.

Content Creator & Social Media Manager *2016 – 2022*
Self-run account

- Built a following of over 3,000 at peak activity through continuous content production, visual consistency and publishing.
- Collaborated with brands such as Sleepo.se, Alvalinen, Zassenhaus, N.A.E and A to K on sponsored content and product exposure.
- Developed a strong sense of visual storytelling, audience engagement and a consistent voice across a channel.

Quality Resource *09/2014 – 12/2020*
Leröy Smögen Seafood AB

- Worked with food safety and took part in projects to improve and quality-assure food processes.
- Led internal training and introduced new routines to colleagues.

INTERNSHIPS – PHOTO & FILM

- Film photographer, P3 Guld
- Camera assistant, Idol (semi-final)
- Film photographer, Göteborgs kulturkalas (Dekton)
- Assistant, Idol audition for Meter TV
- Intern, TV4 local office Gothenburg

2011–2013

OTHER WORK EXPERIENCE

Waitress: Kajskjul 8, 2011–2013

Substitute teacher, grades 1–5 and preschool: City of Gothenburg, 2013

Shop assistant: Off Course, 2013–2014

EDUCATION

Higher Vocational Education – Front End Developer *Dec 2020 – Sep 2022*
Medieinstitutet

Film and TV Production *2010 – 2012*
NTI Media Gymnasiet
